Today I would like to tell you about our school. We have a nice museum in our school, which contains a large amount of information and objects. It ~~has~~ ^{contains} very interesting places, where students can have a good time and realize new things. But I would like to say that ~~it~~ the museum is not ~~is~~ used effectively for students. ~~It has~~ ~~not~~ Students are not interested in it, they don't like to visit and see ^{interesting} works of arts. It's usually boring and not modern. In our museum there are many boring paintings, where so students don't like to analyze them and are not interested in old culture. I think ~~we~~ ^{we} should include our students works in the museum. For example, we have so many talantive ^{ed} students. Some of them paint, some make nice jewelry staff. For example, cute necklaces or bracelets, even rings from jewelry. I think we should include their works in our museum and demonstrate them to others. We can ask our students to paint something and show other's. We can make interesting ~~competitions~~ ^{competitions}, so they can decide whose work is better. ~~We can make~~ After doing all this our museum will become more interesting and fun. Student's will visit it with pleasure and will have a motivation to be more creative. Thank you for reading. ♡ — Conclusion is insufficient.
