Murder Drones is an indie animated show produced by Glitch Productions. It follows a group of robots trying to uncover their dark past and escape while fighting an eldritch ~~horror~~ horror inspired ~~antagonist~~ antagonist.

Amazingly animated, it does a great job at being a horror show with comedy. It can create a ~~horror~~ horrifying scene and end it with a gag without being annoying. Movements are fluid and characters are expressive ~~with~~ despite being robots ~~and~~, and its soundtrack ~~can~~ compliments the animation well. Its story is expansive, encouraging the viewer to make their own theories about the show.

Being indie, ~~if~~ it has a small budget. Still, it makes the most out of it by making the show condensed, telling a complete and complex story in just 10 episodes. Anyone willing to dive deep into the show should definitely check out Murder Drones.

Writing

Watching movies has been one of my favourite ways of spending free time for years. My favourite genre of movies is fantasy. So the movie I would recommend is The "Lord of the Rings."

Directed by Peter Jackson, the adaptation of immortal book by J.R.R. Tolkien captures your heart with its beautiful cinematography and gorgeous cast. The thing I love most about this story about adventure and loss is how much hope is in it. It teaches us a great deal about finding light in the darkness.

The thing about The "Lord of the Rings" that scared me off at first is the length of the movie, but the fear would go away and it would be absolutely worth the ride.

In conclusion, I would recommend this movie to anyone who needs a little hope sometimes.

I would like to tell my impressions ^{the} ON SERIAL called "Stranger Things". ~~I really liked the 80s vintage~~ ~~vibe of the serial.~~

I really liked the 80s vintage vibe ^{the} THAT SERIAL ^{has}. Somehow it gives me some warm feelings on contrast of ²² uncanny and terrific film actions. Even knowing the fact that I was not born yet in ^{that} this time I feel coziness from observing it. Also, through the screen, I can feel like I- am in the story and I think it is because of how heroes and their ⁸⁰ friendship makes me feel empathy to them. ^{But} ~~As~~ ^{was} it's called "upside down" side of the world, to me ^{it's} diametrically opposite. It feels really dangerous and looks like the reality I definitely wouldn't want to live in.

I would recommend this serial and I think ~~that~~ that it's very interesting to watch.

to my favorite film

I like ~~see~~ a film or ^{serials} series, and I like to go to the cinema very much. My favorite genres are drama and comedies.

I like different kinds of films, because each of them is very interesting and impresses me.

Dramas are sad films. Such films excite people. I usually cry, when I watch dramas or some melodramas.

But my favorite film is "Harry Potter". I like all parts of this film. I think, that is the best film for children and teenagers.

I can watch "Harry Potter" again and again.

This film has ~~a~~ many special effects and computer drawing.

"Harry Potter" is a very interesting fantasy novel about magicians. But you can see friendship and love.

This film and every films teach us much, I advices all people to watch an interesting film.
